

AMABOMVANE REVOLUTIONARY MOVEMENT (AMAMBO)

Election Manifesto — Summary 2026

Our vision: To uplift poor and marginalised South Africans through economic empowerment, competent leadership, accountable government and improved living conditions, particularly in rural communities.

Key Policy Priorities

1. Good Governance and Anti-Corruption

- Promote competent, ethical and accountable leadership.
- Combat corruption, state theft, wasteful expenditure and political appointments that disregard competence.
- Strengthen public-sector performance, oversight and separation between political leadership and administration.

2. Employment and Economic Development

- Promote industrialisation, manufacturing, small business development and local procurement.
- Expand employment and skills-development opportunities, particularly for young people and women.
- Support economic transformation and greater participation by disadvantaged communities in mining, fishing and other industries.

3. Rural and Township Development

- Prioritise roads, water, electricity, sanitation and essential infrastructure.
- Strengthen rural economic participation through agriculture, fishing, tourism and local businesses.
- Improve infrastructure and access to services in underserved communities.

4. Housing, Land and Agriculture

- Promote decent housing, transparent housing waiting lists and fair allocation processes.
- Accelerate land reform and restitution while supporting productive and sustainable land use.

- Expand access to land for housing and farming, support agricultural development and improve farmworkers' living and working conditions.

5. Education and Skills Development

- Improve teaching standards, school management and educational outcomes.
- Expand vocational training, mentorship and access to affordable tertiary education.
- Link education and skills development to the needs of the economy.

6. Healthcare and Social Wellbeing

- Improve public hospitals, medicine availability and healthcare management.
- Expand mobile clinics and healthcare access in rural areas.
- Strengthen responses to substance abuse, HIV and TB, and improve access to essential treatment.

7. Empowerment and Social Justice

- Advance economic empowerment and address historical inequalities in land and asset ownership.
- Expand opportunities for women, youth and disadvantaged communities.
- Support cultural heritage, press freedom, women's rights and rehabilitation programmes for prisoners and former offenders.

8. Safe and Orderly Communities

- Promote professional policing, effective justice, stronger border management and action against crime, gangs and drugs.
- Uphold the rule of law and enforce immigration laws.

Overall Commitment

AMAMBO proposes a development-oriented approach that combines state intervention, economic transformation, private-sector participation and merit-based administration. Its stated objective is to reduce poverty, expand economic opportunities, improve public services and build more prosperous communities, with particular emphasis on rural development.

This summary reflects the main policy positions stated in the AMAMBO Election Manifesto. It summarises the party's proposals and does not assess their feasibility or implementation.
