1. FOREWORD FROM THE LEADERSHIP

On behalf of the People's Power Freedom Party (PPF), I present our 2026 Local Government Manifesto for uMhlabuyalingana and eThekwini. Our symbol of three raised fists under the rising sun represents unity of all peoples, power and freedom.

We contest these municipalities because local government must work for the people.
In uMhlabuyalingana we face water scarcity, gravel roads, rural development needs.
In eThekwini we face water cuts, housing backlog, refuse, electricity, and youth unemployment.

This manifesto is our contract with you, written simply so every voter can hold us accountable.
